William Seggers and Laura Gosch Wed

A very pretty wedding took place at the home of Mr. and Mrs. Seggers of Cumberland Saturday afternoon when their son, William, was united in marriage to Laura Gosch of Mt. Prospect, daughter of Mr. and Mrs. Ernest Gosch. The Rev. Beckler of the Lutheran church of Des Plaines performed the ceremony.

The bride, dressed in white and carrying a large bouquet of roses and lilies of the valley was attended by Miss Martha Seeger, sister of the groom who carried a bouquet of blue and pink sweet-peas and was dressed in blue or gray. Following the ceremony, a wedding supper was served to over fifty relatives and guests. Herbert Seegers, brother of the groom attended the supper. The newly married couple plan to make their home in Cumberland.

State Appropriations Exceed Taxes Expected

Rep. James Boyle, chairman of the house appropriations committee, estimates that downstate will pay 85 per cent and Cook county 40 per cent of their state taxes this year. This would bring \$54,000,000 into the general revenue fund in the next two years. The appropriations for this biennium were \$56,000,000. Gov. Emmerson saved \$13,500,000 in this eighteen months. If Gov. Horner has maintained the same record the saving on July 1 will be \$18,000,000, reducing the expenditure to \$66,000,000.

The first six appropriation bills introduced by the administration, instead of showing a saving of \$2,500,000 as claimed, actually were \$414,000 higher than two years ago. The claimed saving was made by leaving out the items for bond interest and retirement, which, of course, also come out of the taxpayers' pockets.

Electric Refrigeration Is Not a Luxury Now

The price of electrical refrigeration is today so low that it ceases to be a luxury, says Mr. Petersen, of the Mt. Prospect Electric company. This firm is the distributor for General Electric appliances, chief of which is the refrigerator that has become so popular due to its freedom from trouble. It is today the only electric refrigerator that carries with it a four year guarantee.

Residents of neighboring towns have a local agent near them. See advertisement on page four for your home dealer.

## ARRINGTON MAN KILLED IN ACCIDENT

J. Foley Dies After Speeding Car Skids at Road Curve

One man was fatally injured and another badly hurt in a collision resulting from skidding at the curve of Northwest highway near Barrington Monday evening.

Patrick Emmet Foley (better known locally as E. J. Foley), who was driving a light coupe, was killed in a collision with a car driven by B. L. Grundset of Brookfield accompanied by a woman.

The car driven by Grundset skidded across the four-lane highway and struck the Foley machine.

The driver of the second car was hurt but his companion sustained no injuries.

Both injured men were taken to Barrington General hospital where Foley died shortly afterward.

An inquest into the death of Mr. Foley was held Tuesday afternoon at Selten, Cook county deputy coroner, and a verdict of accident was returned.

The coroner's jury, composed of W. Grimm and F. F. Van De Walle, two eye witnesses of the accident, Mr. Foley's son, Mr. Grundset and Ernest Wessel, attending the office, testified at the hearing.

Both Grimm and Van De Walle testified that they saw the two cars skidding on the pavement.

Mr. Grundset was attending at his service on nearby and Van De Walle was at a point a little more distant on the other side of the North railroad tracks.

According to the investigation, Grundset automobile, a large Buick, started to skid just as it was rounding the curve. When the driver attempted to straighten it, the car apparently swung off to the shoulder of the driver's side.

The loose gravel on the shoulder caused the car to skid in a sharp direction and it careened across the highway, striking the Foley car and colliding with the side of the Foley machine.

The cars remained right side up and to a stop side by side, just off the shoulder.

The Foley car was completely demolished by the impact but the driver was not killed.

Mr. Grundset stated that either a stone or some other object on the pavement caused his automobile to swerve as he was making the turn.

Mr. Foley had worked in a Barrington vicinity for a number of years but had made his home at Rockford the past year. Three weeks ago he came to Barrington and was employed at the Daniel Woodhead farm.

He was born at Rockford January 15, 1871 and was 62 years old at the time of his death. He is survived by his wife, Dorothy, two daughters and three sons, living at Rockford and Glen Ellyn.

Funeral services will be held Friday morning at St. Mary's church, Rockford, and interment will be at St. Mary's cemetery there.

Mr. Grundset and Mr. Spohr are members of the auditing firm of Spohr and Grundset who have audited the books of the village at various times. They had left Western Springs earlier in the evening and were enroute to Barrington when the accident occurred to attend a meeting of the village board that night.

The following men composed the coroner's jury: Elly Frye, J. H. DeBolt, Henry Watkins, Alex Bell, Tim Peckham, and George W. Nightingale.

The village board will be held at the village board that night.

**CHRISTIAN SCIENCE CHURCHES**

"Soul and Body" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday May 21.

The Golden Text was, "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service" (Romans 12:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "All the ends of the world shall remember and turn unto the Lord: and all the kindreds of the nations shall worship before thee. For the kingdom is the Lord's: and he is the governor among the nations" (Psalms 22:27, 28).

The Lesson-Sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

**Fact and Theory**

### Firestone Singing Color Fountain One Of Sights of Fair

When the World's Fair opens in Chicago Saturday, May 27, visitors will see and hear one of the Fair's greatest marvels—the Firestone Singing Color Fountain, in the gardens surrounding the Firestone factory and exhibition building.

This gorgeous spectacle is the only one of its kind in the world. It presents in marvelous beauty a perfect harmony of music, ever-changing color combinations and variations in the rise and fall of the beautiful mystic fountain. This scientific engineering achievement is the result of years of work by some of the world's greatest electrical engineers and scientists.

This magnificent Singing Color Fountain is situated in front of the ultra-modern and attractive Firestone factory and exhibition building in the center of the spacious garden, surrounded by trees, shrubs, and beautiful flowers. The great pool is 100 ft. long and 15 ft. wide, out of which rise the many dome-shaped mystic fountains, the powerful light rays of varying hues penetrating the misty water, the diamond-like spray that shoots twenty feet in the air—all in tune with the music. The ever-changing shots of colors, and the varying

Dear relatives and friends gathered May 17, in the comfortable home of Mr. and Mrs. Hermann Eickelmann in honor of their 25th wedding anniversary at 4 p. m. The bride and groom of 25 years entered the living room accompanied by their bridesmaid, Mrs. Lydia Luessenhop, nee Eickelmann, the best man, Edward Dettmann, a brother of the bride, was unfortunately prevented from attending the ceremony. Rev. H. L. Barth of St. John's church had charge of the religious ceremony and based his sermon on the words of scripture: "Thou shalt have the Lord thy God." He exhorted the guests to bless the happy couple another 25 years and more of happy matrimonial life.

The bride looked very attractive in a gown of gray and wearing a corsage of silver flowers. Mr. and Mrs. Eickelmann received many beautiful gifts in remembrance of that day. After serving a bountiful chicken supper to about 100 guests young and old, who cared to dance joined in dancing to music furnished by Martin Schaefer of Itasca. Everybody enjoyed the affair and had a gala good time until the early hours of morning.

### New Sales Tax Bill In Legislature; Farm Products, Gas, Included

A new sales tax law, drawn by Attorney General Kerner and pushed by the state administration, was introduced Tuesday in the legislature, by Senator Francis J. Loughran (Democratic), of Chicago. The new tax bill is almost the same as the one killed by the Supreme court, but is drawn to avoid technical conflict with the state constitution.

Farmers, and dealers in gasoline are included in the new bill; the rate designated is 3 per cent. If passed, it may go into effect July 1, as it contains no emergency clause.

Under the new tax, the moneys collected would go into the general revenue fund of the state. The legislature could then appropriate the money to the purposes desired.

Other bills, one in the Senate, the other in the House, were introduced, providing for an occupational tax of one-half of one per cent. 124 occupations, including that of farmer, are included. Rep. Schaefer O'Neill (Democratic), of Alton, one of the sponsors, hopes that \$35,000,000 may be raised annually, by this tax.

### Booth on Highway to Aid Fair Bound Sightseers

"How do we get to the World's Fair?", a question which those along the main highway will have to answer many times this summer can be quickly and conveniently disposed of by pointing down the road to the newly constructed official information station erected by the Century of Progress between the Des Plaines and Cumberland railway depots on the Northwest Highway.

The single story wooden structure which was completed yesterday will house the attendants of the fair whose job it is to see that out of town visitors coming to the exposition by motor get to the grounds quickly and with a minimum of heavy traffic. As the Northwest Highway is one of the most important arteries leading into the city, it is expected that a considerable staff of workers will be needed.

In addition to an information booth, the building will house a restaurant and rest rooms for the convenience of the tourists. The possibility of establishing a regular tourist camp in connection with the information station is under consideration.

### Senior Walther League Ice Cream Social Saturday Evening

The Senior Walther League of St. Peter Ev. Lutheran church has arranged an old-fashioned ice cream social for tomorrow evening (Saturday) at 7 o'clock. Service will be in the basement of the school, which will be specially decorated to please the guests. Ice cream and cake will be provided at very low prices, and every effort is being made to give everyone present an old-fashioned good time. (5-26)

Suih a lovely time to go on a trip, with everything in bloom. Mr. and Mrs. Grismer and children found it so when they drove to Bradford for the week-end.

Mr. and Mrs. Wm. Bockmeyer must have found the scenery beautiful on their trip up in Wisconsin over the week-end.

Probably the Newburgs didn't have much time to look around for they made a trip to Allegan, Michigan and back Tuesday.

Mr. and Mrs. C. A. Eversole and family went to Gary, Indiana Sunday to spend the day with relatives.

The Holtz and Larson families enjoyed a pleasant Sunday in Elmhurst.

Trips away from home may be pleasant, but how good it always seems to get back home again. No doubt Charles Grandt felt glad to be back home Sunday after being in the hospital. He is very weak but the bright sunshine should help him gain rapidly.

Mrs. Will Franke came home Saturday, bringing her darling little new daughter. Mrs. Franke's mother is with her now.

Mr. and Mrs. Jos. Wisersky and children went in to Chicago Saturday to help celebrate the birthday of their mother, Mrs. Branch.

Thursday the Wiserskys went to Oak Park where Mrs. Wisersky's niece had her first communion.

Mr. and Mrs. Ed. Dieball have moved to South Walnut into the house recently vacated by the Bunns. The Bunns moved across the street.

Mr. and Mrs. Arthur Oehmke and two children, Keith and Arlene Frances of Richmond, drove up to spend Sunday with Mr. and Mrs. Utterback.

Mr. and Mrs. Allison and children were callers Monday evening at the John Sayers home.

Mrs. Baxter, Mrs. Utterback, Emory and Billy Dean were visitors Friday at the home of a friend in Rogers Park.

Mrs. George Palmer was hostess Wednesday evening to the Gleaner's circle. After the business meeting refreshments were served by the hostess.

Mr. and Mrs. Victor Pecchia are looking forward to a delightful evening Saturday, when they attend a dinner at the Old Heidelberg Inn, at the opening of the World's fair.

Mr. and Mrs. George Kolath

were callers Friday at Calvin Hoyt's.

The Cook County Farm Bureau personnel and their wives enjoyed a pleasant and enlightening Friday evening. After partaking of a sumptuous dinner (the wives especially enjoyed this) at the Bos-ton Oyster House in the Morrison hotel, they were whisked forty-two stories above the noise of the city to the penthouse. Here they spent the remainder of the evening. Earl Smith, president of the I. A. A., who was the honor guest, gave many interesting facts concerning the latest developments in agriculture.

The Big Dance of the Year for a Good Cause

Tomorrow night, May 27, is the big benefit dance for the Arlington Heights Baby Clinic at Shyne's Arlington Ballroom, Higgins road just west of State road. Everybody is going to be there, not only from Arlington Heights, but from Chicago, Park Ridge, Des Plaines, Barrington and our neighbor towns, Palatine and Mt. Prospect. Why? Because everyone expects to have the time of his life. There will be dancing from 8:30 until 2, old time dances, circle two-steps, modern dances and plenty of waltzes to the music of the Melody Mixers, famous for their waltzes. A large crowd of both young and old is expected.

Have you your ticket yet? If not, you had better get one right away. Tickets are only 25c and in addition to getting more than your money's worth in dancing and music, you are helping one of the most worthy causes in Arlington Heights—the Baby Clinic. If you are unable to get your ticket before the dance, tickets will be on sale at the ballroom Saturday night at the same price. If you want to have a good time, take our advice and be there.

Break Records at School Track Meet

Four records were broken at the Grade School Conference Track meet held at 10 o'clock Sunday morning at Algonquin: Arlington Heights, Crystal Lake, Barrington and Algonquin taking part. Bob Richards of Arlington Heights broke the 60-yard hurdle record by doing them in 8.7. Crystal Lake made a new high jump record of 5 ft. 1 1/4 in, and set a new mark in the discus of 121 ft 10 in. The relay record was broken also. These records were all the more remarkable, in that the day was wet, and the ground, next the river, very wet and soggy.

Arlington Heights took third place with 18 1/2 points; Crystal Lake 1st, 51; Algonquin 2nd, 20; Barrington 3rd, 9 1/2.

"SO THIS IS AFRICA" WHEELER-WOOLSEY SHOW OF LAUGHS

Deep into the animal infested jungles of the darkest of the dark belts in Africa, tread the famous comedians, Bert Wheeler and Bob Woolsey, in their latest film comedy, "So This Is Africa!" produced by Columbia Studios, and coming to the Arlington Theatre on Sunday and Monday.

Not merely one, but one hundred iron-muscled Tarzans, garbed in the characteristic lion skins, give these comedians pause for thought and many ridiculous incidents as the story of "So This Is Africa!" unfolds.

And not one, but one hundred beautiful, stalwart and blonde Amazon women give evidence of the power of their breed and their breed and their deep and strong-flowing passionate instincts much to the embarrassment and suffering of the intrepid explorers, Wheeler and Woolsey, when they brave the terrors of the undiscovered interior of the darkest of continents.

Not a Laugh Missed  
Not one stone was left unturned by Wheeler, Woolsey, Columbia or Eddie Cline, the director, to discover anything that might be cecialing a laugh, or an incident that would contribute to making "So This Is Africa!" the finest and most hilarious comedy that Wheeler and Woolsey have ever made.

From a small-time theatre in which Wheeler and Woolsey are presenting a dull lion act that flops because the lions need a vacation and the stimulation of their African habitat, "So This Is Africa!" moves with the speed of imagination to a moss-hung, animal-populated jungle in Africa. Lions, tigers, gorillas, hippopotami, panthers, locusts and hundreds of other wild animals unite with the Amazons and the Tarzans in plaguing Wheeler and Woolsey with more trouble than Marco Polo ever had in sailing around the world.

Raquel Torres Leading Woman  
Raquel Torres, who won hundreds of fans in "White Shadows of the South Seas" and "The Sea Bat," and Esther Muir, who came to Hollywood from many Broadway musical hits like "My Girl Friday" and "Queen High," are personally charged with pursuing Wheeler and Woolsey through the jungle and making their life miserable by making constant love to the comedians.

Eddie Cline, who wielded the megaphone on "Hook, Line and Sinker" as well as "So This Is Africa!" is considered one of the most able directors of comedy in Hollywood. His experience dates back to the days of the Keystone Cops of Mack Sennett, and lays claim to many of the most success-

ful Buster Keaton two-reel comedies. His latest successes were "Girl Habit" with Charles Ruggles and "Million Dollar Legs." Norman Krasna, clever scenario writer, and author of the stage success, "Louder, Please," wrote the story for this riotous film.

ONE OF YOUR GREATEST AND CHEAPEST CONVENIENCES

It's time to start dinner: You peel potatoes, shell peas, mix up biscuits, trim a steak. And then the hard part is done. You light the gas and your range begins to bake, to boil, to broil. The cooking itself is so easy you scarcely think of it.

To realize how easy it is, recall the days when most home cooking had to be done on a wood stove. Then getting a meal was a problem. Wood had to be chopped and carried in. A fire had to be built and fussed

with. Control of heat was almost impossible.

Today, hundreds of men are actually helping you cook your dinners—hundreds of men and a great system of service. Compressor stations, noisy with pumps and machines, are running day and night. Towering gas holders have replaced the old kitchen wood-box. Miles of heavy pipe line carry fuel into your home, deliver it to your fingertips.

Yet for all this service you pay comparatively little. It costs less than three cents—less than a postage stamp—to cook a whole dinner in the average home served with gas by the Public Service Company of Northern Illinois.

How up-to-date is your gas range?

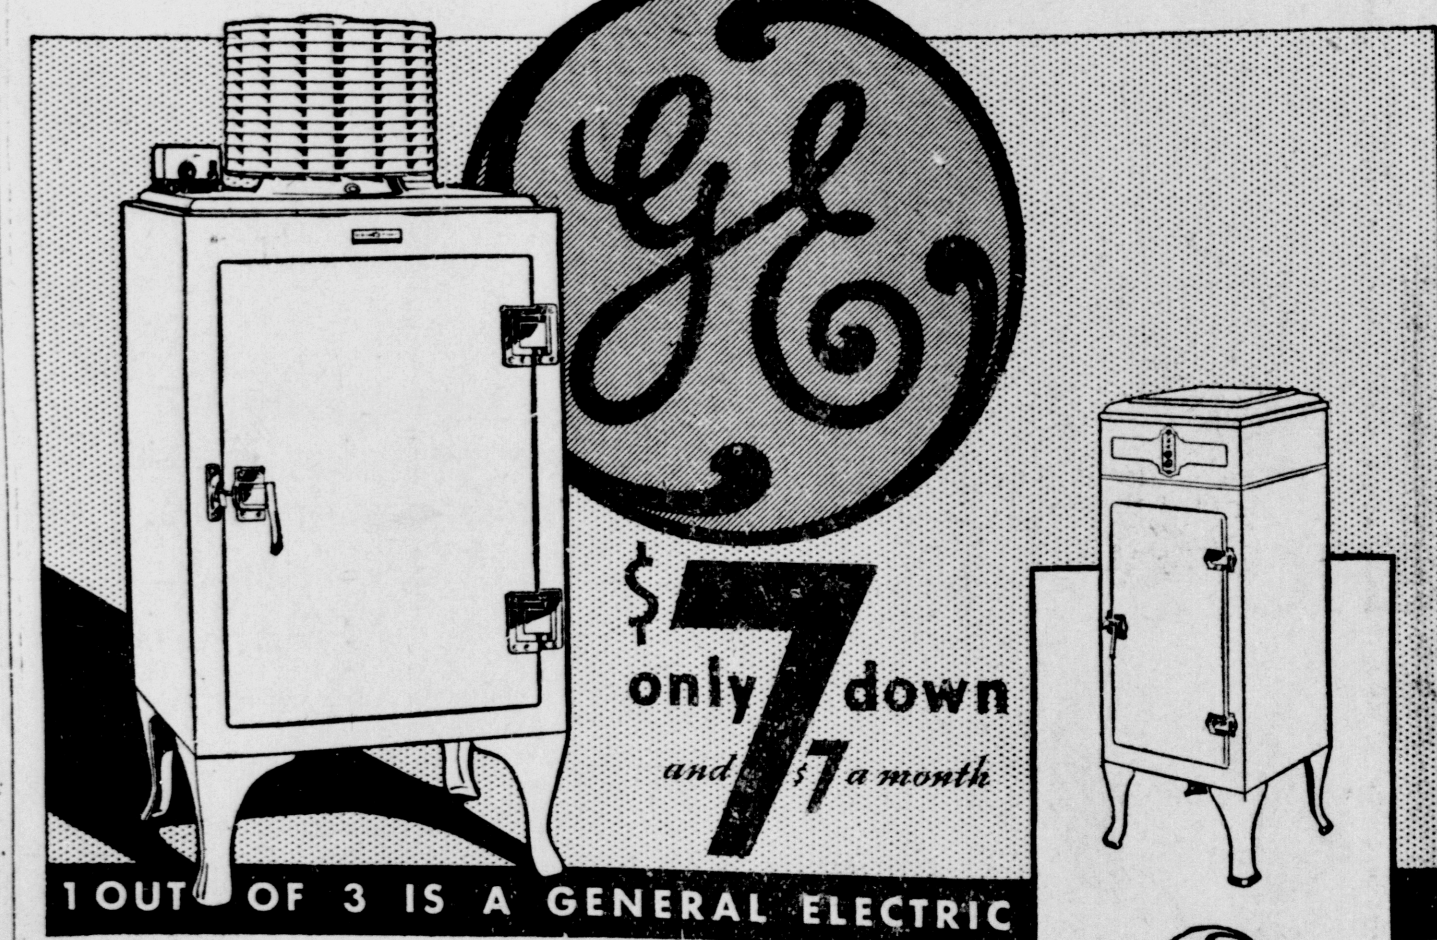

Remarkable improvements have been made in gas ranges these last few years. The new models, finished in smooth porcelain enamel, are really good-looking. Their top burners light automatically as soon as turned on. Their ovens can be set to hold a certain temperature. They have handy utensil drawers to save steps. And convenient cooking tops that fold down over burners. See these new ranges at your

Among those who took school children to visit the Fair Friday last week, Mrs. Fessler took eight in her car, and Mrs. Arthur Schmitt carried ten in her car. While the buildings were not open, they saw the exteriors and as a grand finale, visited the Field museum.

Mr. and Mrs. Archie Fessler plan to entertain the Junior department of their church in Chicago Sunday, May 28, at their home on West Euclid avenue.

The May Circle of the Dorcas Aid held a social Tuesday evening in the church hall. Cards, refreshments and a pleasant evening was spent.

Mr. and Mrs. John Intravola are the parents of a son Sunday, May 20, 1933, in their home on So. Vail avenue. Mrs. Nielson is taking care of the little son and his mother.

Thursday afternoon, May 25, the June committee of the Presbyterian Women's Aid entertained a group of about forty to a one o'clock luncheon and a pleasant social hour in the church dining hall. This close of the season's affairs was given thus early to avoid the rush of graduation, June weddings, and a Century of Progress stepping along so rapidly.

Frank Incapero was godfather Sunday at the christening in Chicago of Josephine Ann Ramano. The gift was an English coach. Mrs. Chas. Ahlers was operated upon Saturday at the Palatine Community hospital.

Dr. Draper is still quite ill at his home.

At the Presbyterian Men's club Friday night, George Heiber was elected president. F. J. Sachs secretary, and Dr. E. W. Baumann treasurer. Games, including ping pong, were the amusement for the evening.

Mrs. Fred Schmidt, 515 Chestnut assisted by Miss Minna Militzer, have been interested in the advance sale of admission tickets to A Century of Progress. At a luncheon in Chicago this week, they learned that there have been sold in advance at least a million tickets. Arlington Heights people have purchased two thousand of them. 700 of this number have been sold by the Ladies Aid of the Methodist church. The Dorcas Aid and Walther league of the Lutheran church have sold many also. Mrs. Schmidt found her association with the members of the committee in Chicago very pleasant.

The Misses Rose and Betty Tonne, their mother, Mrs. Louise Tonne, accompanied by George Kluge, drove early Sunday to Muscatine, Iowa, arriving home late that night, which was very rainy. At Muscatine they enjoyed good visits and an excellent dinner. They enjoyed the beautiful sights of the country, eloquent of peace and plenty; admired the great elms over the streets in Princeton. The city of Muscatine, old and quaint, is partly built on the levee. A church at the top of the bluff is visible for many miles. Excessive rains and delay of crops have occurred out there as here. The Heinz company has a cannery, and large truck farms are to be seen along the Mississippi river, which is a beautiful sight.

Members of the Fellowship class please meet at the Methodist church at 7:45 promptly and don't forget that flashlight. You'll need it more than once. Let's have everybody out tonight for the good time.

If our friends and neighbors see dark figures scurrying around with flashlights don't hurry to call out the reserves. It will only be treasure hunters searching for those elusive clues.

The Shrine is giving a card and bunco party at the Hagenberg Building Saturday evening, May 27. Admission, 25c.

Attention flower enthusiasts. The Park District in Arlington Heights needs a variety of summer-flowering plants to grace the flower gardens along the "Railroad Route" to the World's Fair. Donations will be properly acknowledged. If any have extra plants for this purpose, they are invited to see Mr. Henry Mueller, park superintendent, or call Mr. James McElhose, phone 76-J, in charge of landscaping.

Mr. Mueller and Martin Fehlman have made several new ornamental flower beds along the highway with space open for plants.

Carl Ewert served as best man Saturday afternoon at the marriage of his brother, Walter Ewert to Miss Myrtle Hammerl. The latter is a daughter of former Mayor Hammerl of Des Plaines and a sister of Herbert Hammerl who resides in North Haddon street, Arlington Heights.

Because Carl Ewert sells Nunn-Bush shoes his bootery and Arlington Heights appeared on the Pat Planagan's program Saturday, broadcasted from the Cubs ball park.

Of course, President Roosevelt does not know that the Chicago-Springfield machine is using his name in an effort to elect judicial candidates. He would not like it.

The Arlington Heights School band will give a concert Monday evening, May 29, at 6:45 next door to the Cook County Herald. A concert was given Wednesday, May 24, at Mt. Prospect to a large crowd, and it is hoped that many will come out for the last appearance of the band this year.

# Tire Prices may never be so Low again!

**GOODYEAR** certainly makes it worth while for you to put money in tires now. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at present prices of the world's most popular tire, the Goodyear All-Weather—and the prices of the thrifty Goodyear Pathfinder—and you'll certainly agree, it's smart to buy Goodyears NOW—while prices are still down close to bottom, and your money buys more than it may ever buy again.

RED WINGS DEFEAT ELMHURST

In a game that in parts was loosely played the Arlington Heights Red Wings defeated Elmhurst by a score of 12 to 5. The pitching of "W. Meyer" was the high light of the game, striking out 16 men and allowing Elmhurst to get their hits scattered. Kopitke, pitching for Elmhurst, was hit freely and was knocked out of the box in the seventh inning of the game in the seventh inning. When "Label" was put in he went out in the eighth when Steben was put in, who finished the game. The Red Wings took the lead in the first inning by scoring two runs and holding that lead through the entire game. Schaefer playing second base for the Red Wings, led the field in hitting by getting four hits in five trips to the plate. Mr. Chas. Page, the Red Wing's new manager, has the boys under stiff training and their playing so far has proven his work is not in vain. The final score of Sunday's game, Red Wings, 12; Elmhurst, 5. Struck out by Meyer, 16; by Kopitke, 4; by Label, 1; by Steben, 1.

Roselle Quits Game With Score Tied

With the score tied at 7 all, Mt. Prospect runner on third and two outs, Roselle quit the game last Sunday. With their star pitcher, Butch Biesterfeldt, tiring in the ninth after taking quite a thumping to the tune of 15 hits, the high spots of which were 2 home runs and a double by R. Haas and 4 singles by Kirchhoff, Roselle probably figured a tie was satisfactory to them. Had feeling flared up several times during the game. Infield weakness cost the team several runs. The boys, however, showed a never die spirit and twice came from behind to tie the score. In the ninth inning with the score 7-5 against them, Roy Haas, first man up, drove a tremendous drive far over the center fielder's head and over the railroad tracks for a home run. Henry Holste then singled to left. Kirchhoff also singled to left, sending Holste to second. I. Holste then rolled out to the pitcher advancing the runners to second and third. Gienke then struck out. With Kloppe at bat, the catcher had a passed ball, and Holste scored the tying run. The play was not even close but Roselle figured he should be out and so quit the game. Next Sunday another hard game is expected with Barrington at Arlington. The Mt. Prospect A. C. never has defeated Barrington.

MERCHANTS WIN OPENING GAME

I Kehe and Brodman Collect 5 of Seven Hits. Arlington Heights Merchants baseball team won their opening game from the Glen Eagles A. C. by the score of 7 to 3. The "locals" brushed off Frachi for seven hits, but five of them were injected into the frigid combat at moments when they had telling effects. The local boys held the lead throughout the game. In the first inning, I. Kehe beat out a bunt down the third base line for a hit. Brodman did likewise and reached first before the throw. Luerssen bunted and was safe on an error by the catcher. R. Kehe flied out to the first baseman. Hauff grounded out to the shortstop. Kehe scoring. Schroeder singled to left field, scoring Brodman and Luerssen. T. Meyer fanned. The totals showed three hits, three runs, and one error. Not to be outdone completely, the Glen Eagles touched Krohn for 2 hits and 2 runs in their half of the second inning. Budassi singled; Bongiorno was hit by a pitched ball; Polito and Frulate flied out to Hauff; Ptk singled to left scoring Budassi and Bongiorno; Frachi fanned. Two hits, two runs, and no errors. Seeing their lead diminished to one run, the boys opened fire in their part of the second inning. A. Meyer grounded out to third, Krohn fanned; I. Kehe doubled to center; Brodman singled. Kehe scoring; Luerssen fanned. No further serious threats bobbed up until the Glen Eagles fifth. Ptk was safe on Luerssen's error; Frachi fanned; Vitacco flied out to T. Meyer; Tinsin singled to center. Ptk taking second; Kurtz was safe on an infield hit, filling the bases; Bongiorno was out I. Kehe to R. Kehe. The Merchants buried their noses in their chores again in the eighth and made the most of an error for two more markers. I. Kehe singled for his third hit and Brodman walked; Luerssen fanned and R. Kehe walked; I. Kehe and Brodman scored on Ptk's error; Hauff looked at a third strike. The totals for the game showed Glen Eagles A. C. getting 10 hits, 3 runs, and 4 errors, while the Merchants collected 7 hits, 7 runs, and 4 errors. Next Sunday, May 28, the Austin Barons will meet the Arlington Merchants at the East Side ball park. An exciting and close game is in the offing, as Austin is rated as a strong organized team. Come out, you fans, and see the Merchants try to make it number two.

INDOOR BASEBALL LEAGUE STARTS SEASON'S GAMES

The Indoor Baseball League of Arlington Heights was officially opened last Monday night. Crowds are very large and interest at high pitch. The Arlington Toggerly and Roehler Motor Sales met in the first game at the North Side School grounds. This game proved to be a walkaway for the Toggerly boys, but other teams will not have such an easy time with the Roehler Motors who have strengthened their team considerably since with five or six new players. Other games last week were between Hartman's Shoe Store and Arlington Cafe, Hartman's coming out on top. Krause's Market defeated Mors Bakery; Webber's Paint Store winning from Deiber's Service Station; Tibbits Cameron Co., taking Winkelman's Tire Shop into camp; Glueckert's Service Station nosing out the American Legion and Witt Bros. Members of Pure Milk Association Keep Faith and Contract with Milk Dealers

Pure Milk Association members are taking a well earned rest, following a strenuous week-end during which they successfully thwarted the plans of the insurgent strikers to prevent milk movements. However, the Pure Milk Association held good to its pledge, and supplied Chicago with its usual quantities of fresh milk, only six members throughout the territory failing to ship. By assuming the responsibility for getting their milk to the Chicago markets, Pure Milk Association members expressed their approval of the results of the recent price negotiations—which really had its beginning last November—giving to the farmers a price of \$1.75 per cwt, effective May 15, 1933. The fact that the price raise coincided with the strike movement in the hands of the "Holiday" group, has led some people to believe it had a bearing upon the price situation. However, as the Pure Milk Association took no part in the strike—except to vigorously oppose it from the very first—reaffirming the Association's stand that it believes in arbitration and in this manner price difficulties are settled between the dealers and the producers. Last November, it will be recalled, the Pure Milk Association recognized certain sinister market conditions which demanded that the retail price of milk be reduced. The farmers accepted the brunt of this reduction only on condition that the reduction be considered temporary. In March, the Association officers perceived that their strategy had improved conditions and, at the same time, made it possible for them to retain their strong position on the market. They, therefore, resorted to the prerogative of giving thirty days notice to the dealers asking that the question of price be reopened. At the price conference, which then began in April, all phases of the situation were discussed with due consideration given both distributors and producers. This discussion, naturally required time as statistics had to be gathered and correlated to back up the arguments of both sides. Finally the producers and farmers reached the point where they needed someone to arbitrate their differences of opinion—an expert with an impartial viewpoint. Dr. Clyde L. King, arbitrator for the past five years on this market, was called in. After an 18 hour conference with representatives of both groups, he announced his decision. In view of general economic conditions prevailing in the city—which really have improved not at all during the past several months—this decision was accepted by the producers as being equitable and fair. The price announcement was made May 10, but as the Holiday group had voted to strike May 13, many city readers were confused as to which came first, and who was who. However, the official publication of the Association, Pure Milk, settles the question quite definitely in its editorial columns printed May 1, 1933 by stating, "Present price negotiations were started before the announcement of the recent Woodstock meetings and are in line with the carefully worked out program of the Pure Milk Association."

The Kiefer family of Chicago have moved into the R. Updell flat. Mr. Kiefer is employed by Mr. S. Warnecke. Having had many years of experience in the restaurant business, Miss Frances Gerscheffe decided to launch her own business and has rented the roadhouse formerly occupied by the Wenzlaiffs. Her establishment will be known as "Frances' Place." Having made many friends during the years she has served the public in this line of work, she will undoubtedly find many ready patrons. The community wishes her success in her new enterprise. The Goodyear Blimp Puritan arrived back at the Pal-Waukee hangar on Sunday, to be here in time for the opening of the Century of Progress. A sister ship is scheduled to arrive about a week later. Mr. Chas. Becker has rented their home furnished to Mr. and Mrs. Wilson, for the summer months. Mr. Wilson is the pilot of the Puritan. Mr. and Mrs. J. Glatz and family of Chicago visited at the Schmink home on Sunday. The Class Day program of the class of 1933 of Wheeling Public school, will be held at Childerley Community hall on Monday evening, May 29, at 8 o'clock. The public is invited to attend. Max Terhune "The Hoosier Mimic"

The man who fools the barnyard animals and makes a canary ashamed of its song, will bring a multitude of sound imitations along with his dry Hoosier humor to the Des Plaines Theatre next Sunday in the person of Max Terhune, who fascinates radio fans from WLS. As a radio personality, he is well known, but he also figured as a bright spot in one of vaudeville's biggest acts for some time. As a member of the "Weaver Bros. & Elvira" troupe, he received enthusiastic reviews wherever he made an appearance, both in Canada and America, from coast to coast. He is perhaps the most versatile entertainer on the air, listing as just a few of his accomplishments. Imitations of barnyard animals, birds, fowls, musical instruments, machines, trains and in addition is a ventriloquist of no mean ability. His type of act is the sort of talent that comes only after years of rehearsing and difficult cultivation. Just as an example of his flexible voice and its extent, he can imitate a 1918 Ford laboring up a hill, the bellow of a calf bereft of its mother, the delicate call of a field lark to its mate, a massage machine that reminds you of the barber shop and just about anything else you could call for. His appearance at the Des Plaines Theater will be a revelation of what the human voice can do.

### "Singin' Sam,"

Barbasol Man

Radio's most popular voice, "Singin' Sam" The Barbasol Man, will be presented in person on the stage of the Chicago Theater, Friday, May 26. National radio programs have made his songs familiar to every listener from coast to coast, but this is the first in-the-flesh appearance for that popular baritone.

Probably the primary reason for "Singin' Sam's" successes has been the informal and simple atmosphere which attends his program. He has always pictured himself as singing to a whole family, gathered around a cheerful hearth, and has always tried to build each program in such a way that every member of the family will derive pleasure from at least one song. For a long time now his programs have been fashioned entirely from requests, which are now piled up far in advance of his programs.

For his Chicago Theater appearance "Singin' Sam" has compiled a varied assortment of song hits, old and new, which he will sing in that rich, baritone voice.

The screen attraction at the Chicago Theater during the week will be "The Eagle and the Hawk," a thrilling story of drama, excitement and war aviation.

March is the "Eagle" of the story—a bold, reckless pilot who flies for the fun of it. Grant is the "hawk"—a deadly, earnest killer, who kills for the fun of it. "The Eagle and the Hawk" is the story of two flyers who, together in the air, are an unbeatable combination, but who, on the ground, are the deadliest of enemies. Their personal hatred drives them to even greater achievements, but the pilot, the more sensitive of the two, begins to crack under the strain.

**Says Her Husband Lost 16 Pounds in 4 Weeks**

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932.)

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

## OBSERVER'S NOTES

Good morning everybody,  
Catholics, Protestants and Jews;  
Will you stand firm like good  
brothers  
And positively refuse  
to lend our nation to a war  
in which it has no share,  
No blame in things they're fighting  
for  
Nor blood and treasure to spare?  
Let us make our God appointed  
land,  
A place where wars must cease  
For the oppressed from others  
Who come to be our brothers  
In the blessed reign of peace.

Regarding war and the conditions  
all too obviously leading on to war,  
we read from one who, with clear  
vision, understood the present out-  
look and peril into which we are  
stupidly drifting.

He says, "Americans will die  
for Democracy," but we are too  
selfish and careless to live for it.  
The greatest enemy to our institu-  
tions is the foreign power, or the  
revolutionary or the criminal.

The greatest enemy to a demo-  
cratic government is the ordinary  
citizen; too busy to read the more  
serious part of newspapers, too  
busy to watch what his state leg-  
islature is doing; too indolent to  
study political issues; too thought-  
less even to notice them except  
very superficially and that at elec-  
tion time.

Too patriotic not to fight for his  
country when there is war, but not  
patriotic enough to sacrifice time  
for his country when there is  
peace; when the voters talk more  
about public issues, then legisla-  
tors equally indifferent void of  
judgment, vote away the people's  
millions and throw beans.

We cry out against the ruling  
element in our day. Who is to  
blame? Have we listened and pon-  
dered on our politics of today?  
Have we noted the supreme power  
of money? Have we observed the  
great economy scheme is to cut  
down the wages of the poor?

Have you noticed many severe  
cuts in the salaries of our public  
officials and government employees?  
Noted that the man who is to oc-  
cupy the position of government  
printer, is to receive the meager  
little salary of \$10,000 a year, and  
he will not do one stitch of work.  
Doubt if even know the smell of  
printer's ink. Men of our country,  
think on these things.

It is now as it was in the days  
of the Prophet of old when he cried  
out about the usurers and changers  
of money, when they "stand in the  
market place waiting for the new  
moon to be gone that they may sell  
corn and wheat, making the ephah  
(measure) small and the shekel  
great."

Yes, things are bad, who is to  
blame? We are too lazy to know  
even our own village and school af-  
fairs. We send our young men to  
war to fight, while the mature men  
make our laws and indifferently get  
us into war.

Memorial Day! What sad mem-  
ories it awakens! What sorrow  
for the brave soldiers who gave  
their lives for our country? What  
a thrill of patriotism we feel when  
we recall their bravery and sacri-  
fice.

Pause we here, while memory  
weeps,  
Where our fallen comrades sleep;  
Hallowed ground, most sacred spot,  
Tombs of each dear patriot;  
Comrades of the days of yore  
Tenting on the other shore.

Sadly, each returning year  
Ye who still are lingering here;  
Scatter flowers of sweet perfume

O'er each fallen hero's tomb—  
Comrades who have gone before  
Tenting on the other shore.

Swords and muskets all laid down,  
They have donned the victors' crown,  
Din of battle, cannon's roar,  
Shall disturb their rest no more;  
Life's temptations all are o'er,  
Tenting on the other shore.

Forms once fair and strong and  
brave,  
Rest within the soldier's grave;  
Souls in sweet Elysium  
Soft we'll chant their requiem,  
Comrades rest, all conflicts o'er  
Tenting on the other shore.

We have today scattered thruout  
this nation veterans of the Mexican  
war, a scanty few; of the Civil war,  
only small groups here and there;  
of our old towns people only our  
honored Veteran Robert Reed late  
past his 93rd birthday; of the  
Spanish war, not many; of the Eu-  
ropean war, in which the flower of  
our youth bore a brave unflinching  
part, we have many today whom we  
were glad to welcome back out of  
that horror over seas.

Sadder than those left on the  
fields of France, on alien soil, is the  
thought of the hundreds and thou-  
sands of our own now suffering a  
living death in hospitals and sani-  
tariums, many suffering from ter-  
rible disease, still doomed to a liv-  
ing death. Of these we are to  
think on this Memorial day, and al-  
ways. Any act of ours, any good  
gift in our power to bestow, let us  
do for them today.

Scattering flowers is a beautiful  
custom, but it is not enough. To  
be sure when we remember the  
thousands whose minds and bodies  
have been shattered, who are still  
here, we say our government  
should provide for them. So it  
should. In the meantime let us  
not fail in our part, the auxiliaries  
both the American Legion and  
Veterans of Foreign Wars, are vigi-  
lant in their efforts for the soldiers  
in hospitals and sanitariums.

Honoring and cheering the living  
soldier with us today is the true  
way to show appreciation for our  
country's heroes. Giving to them a  
just recognition in bestowing on  
them positions under the govern-  
ment, to the continuance and pre-  
servation of which they sacrificed  
so much, let us today honestly ac-  
knowledge few of our soldiers are  
remembered in town, state or na-  
tion in the bestowal of paying or  
honored positions.

The observation of Memorial Day  
is not to scatter flowers in the lap  
of Mars, or to observe a heathen-  
ish custom of grave side conven-  
tional mummery, when we, as a  
Christian Nation, look above in  
hope to see the stars shine through  
each cyprus tree. It is in the re-  
cognition of the power that has kept  
and preserved us as a nation and  
in this, our soldiers are honored  
under God today.

Yet let us add, it is the spirit of  
America, led on and inspired by  
the Prince of Truth and Peace. Ev-  
en the first great soldier of all  
mankind who made the supreme  
sacrifice on the Cross.

One came, the soldier of the cross,  
To fight the foes of man;  
Sin and its fiends that bind the  
soul  
Since ever time began.

He came that only Perfect One,  
In human likeness came  
And over sin the victory won  
Without one fault or blame.

First soldier for mankind, He said,  
"I came to make men free,  
The truth along life's path to shed  
A light henceforth to be."

The soldiers of all wars today  
Who bravely fought and won;  
Through Him have gained their  
victory,  
When truth and light led on.

All soldiers of our wondrous land

Who fought this land to save  
Led by our great commander's hand  
Who conquered e'en the grave.

The soldiers of "The Old  
Thirteenth"  
Who fought that they might be  
Freed from the tyrants who had  
been  
Their curse and enemy.

It was their captain of all truth  
Led on to set them free  
His Spirit in their hosts for sooth,  
Won for them victory.

The Cuban war, all foreign wars,  
When fought for truth and right,  
Soldiers beneath our stripes and  
stars,  
God bless and give them light.

Hail! Spirit of our heroes brave,  
Whose captain came to free  
Man, even from death and the grave  
And gave him victory.  
O Spirit of America!  
The Prince of Peace leads still  
And may His spirit rule to day  
All soldiers, through His will.  
Elinore Crisler Haynes.

The soft ball season has started  
and the Legion team is in the race.  
We played our first game a week  
ago Thursday against Glueckert's  
Hi-Way restaurant team, a team  
made up of boys under 21 from the  
Holy Name Society at St. James  
church. We lost by the tight score  
of 12 to 11. Glueckert's scoring 3  
runs in their last half of the ninth.  
We've got a very good team and it  
was tough to lose that game, but  
believe you me, it's some trick  
holding the kids down to that score.

We were out to the 9th District  
meeting the night of the big fog  
and while there listened to High  
Pressure Bill speak on Child Wel-  
fare and Stewart Alden speak on  
organization. Stew is the organ-  
ization committee chairman of the  
9th district, and you know the 9th  
district is the leading district in the  
state—thanks to the work Stew put  
in.

Mike Browne is in charge of the  
Memorial Day parade, and will tell  
you all about it in another column;  
also Mike umpires the game on the  
east side and wonders why so few  
Legion members watch him work—  
you know it would be a treat to  
see Mike work.

Don't forget boys to meet at the  
Village hall at 9:30 a. m. Memorial  
Day, for the big parade. The color  
guard and Drum and Bugle corps  
will be out in full regalia, and we  
would like to have all other mem-  
bers out to march with us as this  
year the parade will be a banner  
one.

Please put this down in your  
date book right now. Memorial  
Day services are to be held at the  
Methodist church this coming  
Sunday, May 28, at 11 a. m., and  
the Legion is especially invited.  
The color guard will come out in  
uniform and all the other members  
are asked to be out, too. Meet at  
10:30 a. m. at the Legion Club  
house and we will march to the  
Methodist church. Don't forget the  
date, Sunday, May 28; time, 10:30  
a. m. Legion Club house. Make it  
a point of honor to be there.
